

Technical Data Sheet

GLDA 47 %

Green chelating agent for your sustainable formulations

PRODUCT DESCRIPTION

GLDA 47 % is a liquid Chelating Agent with the chemical name L-Glutamic Acid, N,N Diacetic Acid, tetra sodium salt. It is a readily biodegradable product with natural origin suitable for Ecolabel. Chelating Agents are normally used to control ions in HI&I formulations. This property means GLDA can bind metals like calcium and magnesium to serve as a scale inhibitor providing a better cleaning effect also where water is hard. Stabilization makes sure oxidation is avoided and bleaching can be improved. GLDA acts like a booster as it protects an-inonic surfactants from being deactivated. Easier stain removal in Laundry cleaning, higher biocide effect and improved detergency are some of the benefits GLDA provides.

PROPERTIES

- Strong metal binding capacity
- Control of water hardness to avoid precipitation
- Stabilization of actives to get improved bleach or biocide effect
- Easy to use in Liquid formulations
- Improving foam and cleaning properties
- Preserving formulations via antioxidant effect

APPLICATIONS

- Hard Surface Cleaning in the home
- Toilet Cleaners/Disinfectors
- Manual Dish Washing
- Liquid Laundry Detergents
- Vehicle Care

FORMULATION GUIDELINES

- Get in contact with our team to get a tailor made suggestion for your sustainable solutions.

CHEMICAL AND PHYSICAL PROPERTIES

Appearance	Slightly yellow/ transparent liquid
Content	47 % min.
Relative Density 20°C (g/l)	1 330 – 1 420
Molecular Weight (g/mol)	351,1
NTA content	≤ 0,1 %
Fragrance	No

** Property values represent typical results only and are not to be considered specifications.*

PERFORMANCE PROPERTIES

Effective pH range	2 - 13
Freezing point (°C)	< -17
Boiling point (°C)	> 280
ROI/NOI	66,95 %

SHELF LIFE / STORAGE

- Shelf life of 24 months in an original un-opened container
- Store frost-free at ambient temperature in ventilated and dry space
- Avoid direct sunlight

PACKAGING

- 250 kg plastic drum or 1 250 kg IBC

SAFETY REGULATION

- Safety data sheet is available upon request
